Prayer Requests

Barry requests prayers for a resolution to an antibiotic resistant infection he has been battling for the last several weeks.

Kyle's father recently fell, broke his hip, and had hip replacement surgery. He is recovering well and they request prayers for continued comfort as he transitions home and starts physical therapy.

Gail had an inflamed left hand and wrist for the past several weeks and has been in a lot of pain. It was misdiagnosed as an infection, and she was given antibiotics. After not responding to the antibiotic therapy, she and Brent made a trip to the ER on Friday. It was determined that she has *pseudo gout* (**CPDD**) and it is a treatable condition. With a change in meds, Gail hopes to be better soon. She sends her love to all and appreciates all the support she has received during her illness.

Pray for our country and the church during these troubling times!
