**Paul** is staying in touch with us on-line and is busy with his work managing apartments in Texas. He is visiting around and seeking a good church home. He would love to hear from us.

**Dee** thanks everyone for all the kindness, cards, and messages shown to her family when her mom recently passed. Dee says it means a lot to her and their entire family

### Prayer Requests:

**Karen** (Lalayena's mom) received devastating news that her leukemia has returned. Karen has come down with a viral infection and Lalaneya is with her parents now helping. Viral infections can become very serious due to her current health issues, please pray for a quick healing. The family requests prayers that Karen's health will remain and time is granted to allow them to complete a family trip to Mexico.

**Courtney** recently had an episode of low blood pressure which caused her heart rate to drop. A subsequent EKG indicated an abnormality in her heart's function. She will visit a cardiologist this week and requests prayers for a positive resolution and clear answers.

**Sharon** (Jeanie's daughter) has a shallow melanoma on her shoulder. Sharon had a biopsy on Wednesday, it will take about ten days to get the results.

**Eli** (son of friends of the Les & Pat) was recently in an accident which left him with a broken neck and without feeling from the neck down. Eli has not been able to breath on his own, and it has been a month now. Please pray that he will be able to breath on his own soon and keep the prayers coming! The family (Todd, Jamie, and sister Kiley) express great appreciation for all the prayers on their behalf and praise God for His love and power!

**Hannah** will soon transfer to an approved residential program in Colorado. The transition will include air travel and a safe transport service. This is a big step for Hannah and farther away than family would like for her to be, but it is the next step down from hospitalization. Please pray for her safety, acceptance, and success.
