### Prayer Requests:

**Deanna's** wrist did not heal correctly after it was injured a year ago. She had surgery last Monday morning and it went well. She did have an allergic reaction to the anesthesia, but it was not severe. She cannot move her wrist for 2 weeks and then she will start physical therapy. They are grateful for all the prayers and all glory to God for His love and blessings.

**Chris** suffered a detached retina in his left eye. Additionally, the surgeon discovered tears in his right eye. He had 3 separate surgeries this past week to repair both eyes. The surgeon was optimistic about the success and hopes Chris will be able to return to work soon. The family is grateful for the continued prayers. They truly appreciate each one.

**Claire** is suffering with a high fever, which tends to spike at night. The Stouts missed this past Wednesday night due to concern for Claire.

**Kathleen's** father **Jonathan**, who preaches in the Philippines, had a stroke a couple weeks ago. Give thanks to God, Jonathan's speech is improving rapidly. Please pray for his recovery and for the entire Carino family as they go through this ordeal together.

**Marco** has been visiting with us on Sundays. He asks for prayers for patience and to find what is missing in his life. Marco is thinking very seriously about becoming a Christian soon and putting on Christ in baptism.

**Gary** needs our prayers. He recently had an MRI which showed that a rib was broken. It will heal but it takes a long time. It also looks like the two spots on his spine may not have cancer after all, which is a relief. Gary tries to attend services when he can. Gary appreciates all the cards and expressions of concern for him.

**Mariana** requests prayers for her cousin, **Karen**, who has cancer and is not expected to live much longer. Karen is in hospice care. Prayers for Karen's comfort and softening of the heart, and for Mariana to find the right words of comfort.

**Jeanie** is improving. She still has weakness and needs to continue PT. Her son, Kelly, will stay with her for a while as they work out the arrangements for her care. Pray for a speedy recovery! Cards can now be sent to her home. Thanks so much for everyone's outreach to Jeanie.

Continue to pray for **Hannah**. She is staying with her dad and continuing with her health condition.

**Norma** can walk without her crutches and can take the boot off to drive her car. Norma rented a mother-in-law apartment in Bellevue while repairs are being made to her condo, which haven't yet started. She hopes to move in by Christmas. Her family has visited at times to assist her. We miss Norma when she is away from us!

### **Continuing Prayer Needs:**

**Sina** (Alphie's mom) – kidney failure, on the kidney transplant list. Alphie said she is doing better. Cards are appreciated.

**Joe** – seizures

**Clinton** - nerve pain. He is able to get around and do basic tasks but he really misses riding his bike and being physically active.

**Larry** - COPD, his recent bout with Covid has exasperated troubles with his breathing, and he has lost about 40% of his lung function. Please pray as he works through the long-term implications from Covid.

**Michell** - overwhelmed with family and work pressures. Pursuing new employment opportunities.

**Glen** (a relative of Clinton's family) prostate cancer. He is still in the same condition as before and continues to try natural treatments which are likely to continue for a couple of years. Glen, and the entire family, appreciate prayers for complete healing, peace, and comfort.

**Karen** – leukemia.

**MaryAnn** – (sister of Sandra) prayers for emotional healing and new living arrangements. Sandra says that MaryAnn decided to become a Christian and hopes she will move forward and do so soon!

**Clive** - (father of Sheryl!) health struggles. Please pray for full recovery, comfort, and rest. Clive wants to thank us for the prayers and is much improved!

**Pat**– chronic migraines, rheumatoid arthritis, severe amount of pain.

**Judy** – Riverside East Assisted Living Facility in Bothell (next to Bothell Senior Center). Judy can receive visitors. Please call before visitation due to possible Covid-19 restrictions.

**Lalaneya** – quick healing for her foot/ankle which she hurt in a recent fall. SIBO and treatment.

**Deanna** – post-acute Covid syndrome, after-effects of a past concussion, and wrist surgery. Deanna thanks everyone for their prayers and concern.

**Liz**– chronic pain. Continues to search for help from pain specialists. Liz is taking care of Deanna (her daughter), and her ex-husband who relies on Liz to assist him during cancer treatment.

**Paul** – Continues to experience acute back pain. He's been diagnosed with some heart problems. Our brother Paul needs encouragement. Reach out to him and let him know he is loved and missed. Paul was able to worship with us last Sunday.

**Pray for our family members who are serving our country in the armed services.** **Reuben** is in the Navy, deployed to Japan. **Jake** is serving in the Navy locally.

#### **A BENEVOLENT OPPORTUNITY**

The northern Philippines was hit hard by a tropical storm and there is still an ongoing benevolent need. We received word that a preacher received and was able to distribute a large amount of rice. If you can help, you can do so by indicating in your giving through Realm or add a note on your check stating you would like for it to go for this purpose.

You can access the internet using our “**guest**” network, password is “**kirkland**”.
