WELCOME TO OUR NEWEST MEMBER!

Judy was baptized into Christ several months ago and has been worshipping with us for quite a while now. Judy met with the elders last Sunday and is now officially a member at Kirkland.

Judy is in constant pain, mostly in her shoulders and arms. She loves her new church family but asks that everyone be careful not to come up and squeeze her shoulders as it is very painful. Shaking her hands is fine and much appreciated. Judy is a shut-in and would really appreciate visits, especially from her sisters in Christ. She would like to cultivate closer Christian friendships.

Jim is struggling with an infected tear duct but otherwise is in good spirits. Jim is going in for surgery on Wednesday to take care of the problem. Please continue to pray for brother Jim.

Joann has been having trouble breathing. The doctor has restricted her activities so she can't work her craft fairs anymore. The angiogram showed no significant blockages! Joann is going to start on a new CPAP machine which she hopes will help. She slipped and fell and has been in pain from her fall, she's taking pain pills and is back in hospital. She had a CAT scan which showed fractures in vertebrae 1 and 2, a stone in left kidney, and her kidneys are not functioning properly. Please keep Joann in your prayers!

Joann's cousin, **Peg**, has been struggling with congestive heart failure, and only 20 per cent of her heart is operative. This is a serious condition and must be monitored very carefully, but her current meds seem to help her, and she will see the doctor for follow up in three months.

Amaris, Brent's and Gail's neighbor, plans to have a hysterectomy **September 5**, and would appreciate prayers for a successful outcome. Toby, Amaris, and family attend with us periodically.

Please continue praying for emotional comfort for Darla, Dee, Dan, and the family in the recent loss of Dick. We are all so thankful to have known such a great man of faith and a saved child of God!

Please give a word of encouragement to Joe. Joe was baptized into Christ a while back and moved away to San Diego to begin his service in the US Marines

Chad has been diagnosed with Hepatitis A. It is a rare infection he most likely picked up during evangelistic work in Costa Rica. He is not able to be out of the house at the present time due to being highly contagious. It is especially hard on Chad not being able to hug or touch Jennifer and his children. Please pray that Chad's immune system will be strong and knock this out quickly so he can get busy about his life soon and worship with us again.

Valerie has been having pain in her lower spine and is scheduled for an MRI on September 5th to see how to best remedy the situation. Prayers for a positive outcome would be appreciated.

Pat appreciates the prayers on her behalf concerning her health.

Dallas and Janet will be away from us for the month of August traveling on their boat and enjoying the summer weather. We will miss them, and we wish them safe travels & God speed.

Pray for our family members who are serving our country in the armed services. **Reuben** is in the Navy, deployed to Japan. **Jake** is serving in the Navy locally and worships with us.

Anna, mother of Suzanne, is recovering well from her open-heart surgery and has moved up to Issaquah. She is staying in an assisted living facility. She would appreciate any contact from those who know Anna.

PRAY FOR OUR LOCAL EVANGELISTIC EFFORTS!

We have two Meet Ups in progress every week. Each of these venues is being advertised through the social media site "Meet Up." Go to www.meetup.com or get the app on your phone and select "Exploring the Bible" for more info.

www.seekerpodcast.com is an outreach podcast put together by **Jesse, Daniel, and Julian**. The 25-30 minute messages are available 24/7. Check it out!

Would you like to see a video of any of our lessons online?

*We now have recordings of our lessons on both **Facebook and YouTube**. Just go to either application and put Kirkland church of Christ in the search bar, and you will be able to view the lessons. Our thanks to Chad for his diligent work on this project.*
